

# Recognized ASCA National Model Schools Class of 2023 By the Numbers

101 schools earned RAMP status this year

## STUDENT-TO-SCHOOL-COUNSELOR RATIOS

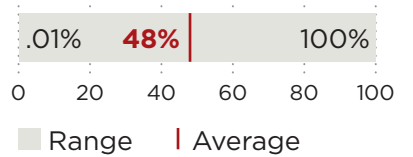

Note: The current national ratio is 408:1. ASCA recommends 250:1. Rough estimates for the national average by grade level are available. However, because some states do not designate school counselors by grade level, average ratios can only be calculated in ranges: The national average for grades K-8 ranges from 613:1 to 787:1. The national average for grades 9-12 ranges from 204:1 to 243:1. (National Center for Education Statistics, <http://nces.ed.gov/ccd/elsi/>)
