WHEN AND WHY DID YOU KNOW YOU WANTED TO BE A SCHOOL COUNSELOR? Working in a group home right after college, I found a passion for working with teenagers and helping them sort through all the challenges of those years. After a few years working in residential treatment, I pursued my master's degree and made the move to schools in the hopes of expanding my impact and reaching kids before they get to residential treatment.

WHAT BRINGS YOU JOY? Laughter – that seems obvious, but laughing is a really important part of my life. If I can make you laugh, and you can make me laugh, and we can laugh together, then we can heal from anything.

WHAT DO YOU DO TO DECOMPRESS/ELIMINATE STRESS/REFUEL FOR THE NEXT DAY? I do stand-up comedy locally, and that is a fantastic way to process stress and refill my cup. In the summer, I see as much live music as I can, and in the fall, I play co-ed softball to stay active and social. At home, I love getting lost in a video game, building a new LEGO set or going for a walk with my dog.

HOW WOULD YOU DESCRIBE YOUR JOB TO A 5 YEAR OLD? When you get older and you're trying to figure out who you are and who you want to become, I will be there for you.
